

131, 171 David Low Way, Bli Bli

Modern downsizer

A wonderfully appointed home that is charming, bright, airy and you are filled with an aura of comfort. It really is a home of all seasons, a verandah at the back to warm you during those winter days and a balcony at the front for enjoying cool breezes during summer. The interior is very well appointed with its Keppel floor plan which has been modified to suit the owner, from the plantation shuttered windows, modern kitchen and large main bedroom with its access to the rear verandah. The rear yard has raised vegetable gardens and relaxed plantings that make for a relaxed scene.

The large carport is suitable for two vehicles, and there is still plenty of storage room. There is nothing more to spend on this home.
