- Surrounded by dune/conservation reserve. Genuine feel of community

With options to use as one large home or easily separate into two dwellings there's plenty of untapped potential now and in the future. The small footprint of the house and corner block means more options outdoors for a future pool, side access for a boat or simply space to stretch out and watch summer roll on by. As the only property of its type in the area this home is an opportunity to own a beachside legacy that will live on for many years to come.
