Restore the dream or develop

Built in the 1990's this substantial property represents the owners dream of a custom designed home in a location handy to everything you need, yet private enough to escape the hustle and bustle of life. Most of the work required to return this property to its former glory is superficial. A trade background or access to trades will pay dividends.

- Land zoned low density residential (not rural)
- Potential for subdivision (subject to DA)

An acre this close to town is a rare find and it's a property that will accommodate all your needs now and in the future. This is one of those opportunities that turn up once in a blue moon. The potential offered by the house combined with the subdivision possibilities of the land mean there is a very bright future on offer here.
