Positioned in one of the best spots within the Pacific Paradise Resort, this townhouse offers private, peaceful living with direct frontage to the Twin Waters canal. Unlike many in the complex, this home faces across open water and bushland, not into another property, and shares only one common wall. It's a layout that enhances both privacy and natural light.

The spacious two-story layout includes three bedrooms, two bathrooms, and a well-proportioned open living and dining room area. The upstairs master features a private balcony overlooking the canal along with a generous ensuite. High ceilings and ample storage are found throughout, and while the home is in largely original condition, it has been well maintained and offers excellent comfort as is, with the option to update over time.

Property Features:

- Absolute waterfrontage with no homes directly opposite
- Shares only one common wall, offering a more private feel
- Upstairs master with private balcony and ensuite
- Three bedrooms, two bathrooms, plus downstairs powder room
- Open living and dining room area with high ceilings
